

## INTRODUCTION

### Sample Population

Hello,

#### **Ref: Upon Receipt, Return Reply Card within 30-Days**

If you would be so kind and please complete the important enfolded request. The Doctoral student, Cecilia A. Brantley is asking all female members of your affiliate motorsport club to volunteer and participate in an upcoming survey 2012 (TBA). In addition, selected females / mothers will also be interviewed and results will be made available upon request. The confidentiality and privacy of all information will be maintained. Upon return receipt of the attached reply card, the academia student will contact each individual (via by email) as a prompt reminder and give an exact date and instructions indicating a time-frame that the official survey is available online to receive your responses (etc.). In order to access and complete the survey, volunteers must identify how they learned about signing up, provide their affiliation with the motorsport club and if applicable membership ID #.

The communication herein represents acknowledgment by perspective candidates' that have given permission and pre-approval to utilize information / data-base for educational research purposes to be conducted as stated. Responses should be as candid and forthright to uphold integrity. The appeal to people is on the basis of their contribution they can make towards facts derived from experiences (Patton, 2002, p. 412). As a result, the Argosy University-Chicago Library literature on Sport Sociology and the body of knowledge will be expanded regarding women as risk-takers.

Thank you in advance for your support and timely attention.

Sincerely,

---
